MINING SUPERINTENDENT—GEO. ROBINSON, Esq.

This Company has been formed for the purpose of developing and working several extensive and valuable seams of Anthracite Coal lately discovered in Queen Charlotte Island.

At present this is the only mine of pure Anthracite Coal known to exist on the Pacific Coast, and from the large and increasing quantity required and shipped to San Francisco and other ports the discovery is one of great importance and value.

The Company have had reserved to them by the Government Twenty Thousand Acres for mining purposes, five thousand of which is secured (at present) by lease at the nominal rent of $100 per annum, with the additional privilege of purchasing 1000 acres at $1 per acre for a town site.

The coal seams, from three to seven feet in thickness, are situated on the South of Graham Island, Queen Charlotte group, about 2000 yards from the shores of a fine Bay and about 400 feet above the level of the sea, the construction of an easy and inexpensive tramway about one mile in length, together with a wharf of about 150 feet projection are all the works the Company will require to enable them to offer coal in the markets.

The quality of the coal has been fairly tested. The engineers of several of the steamers have pronounced it to be of the very best quality; it has also been used by the proprietors of the foundries in the city of Victoria whose reports are annexed, and declared by them to be equal if not superior to the best Pennsylvania Anthracite Coal.

The great advantage of the position of the mine cannot be brought too prominently to the notice of intending Shareholders, its close proximity to the coast, together with its superior quality renders it of great value; also an easy access for vessels of any tonnage, a safe and commodious harbor perfectly sheltered and land locked with secure and good anchorage, will enable vessels at all seasons and weather to load at the Company's wharf.

There is a large demand for anthracite coal to supply foundries, steamers, &c., &c., in San Francisco, Portland, Victoria and other ports, all of which has to be shipped from the Eastern States or from Europe at a great expense, the selling price ranging according to quality from $16 to $20 in some markets in others higher; the trade to Panama and along the Pacific coast will be considerable. An extensive trade will also be open with China and Japan. The naval stations of England, United States of America, France and Russia, must necessarily consume a large quantity.

Of the 15,000 shares forming the Capital Stock of the Company 7,500 are classed A (original shares) paid up to £1, and liable to additional call of £1......£7,500 0 0

The 3,000 B shares are now ready for issue, payable at 10s. each on application, and 10s. in 30 days, or any time of allotment.

The Works, of which the above are an estimate, are in active operation, the Company having engaged and sent forward to the mine a number of skilled workmen who are under the direction of George Robinson, Esq., for many years Superintendent of the Nanaimo Coal Mines, and it is confidently hoped that by the month of April, 1866, the mine will be fully opened, and the Company prepared to supply Coal at their wharf.

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S. L. (ex Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist) The medical testimony of civil hospital, military and naval practitioners pronounce it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M.'s Consul at Manilla, dated Sept. 17, 1864: "The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully and that the ONLY remedy, of any service was CHLORODYNE.—See Lancet, December 31, 1864.

From W. Vesalius Pettigrew, M. D., (from F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine, "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health, London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne except in sealed bottles, having the words, "Dr. J. Collis Browne's Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d. and 4s. 6d. ja 1 law

The Road to Health and Long Life.

SECURED BY

HOLLOWAY'S PILLS.

Impurities of the Blood.

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess and exert these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the causes why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, and restoring its healthy digestive tone; they are therefore confidently recommended as a never-failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Diseases of the Head and Heart.

These formidable diseases are, unfortunately of frequent occurence; for the most part they creep on gradually, but may be prevented by proper precautions. Holloway's Pills are the surest perservatives against all derangements of the brain and are the speediest correctors of irregular circulation. If they be taken without delay when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvelous.

Females of all Ages and Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favour is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating Pills will soon rectify the evil, and speedily bring back energy, strength, and cheerfulness to the frame where previously all was lassitude, gloom, and dejection.

Despondency, Low Spirits.

The misery occasioned by a disordered digestion is unfortunately, felt by most. These famous Pills should be taken in appropriate doses, to adjust the disturbed functions. They dispel headache, billiousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience.

Influenza, Diptheria, Bronchitis, Coughs and Colds,

In our changeable climate, few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflamation, and restore lasting soundness.

Holloway's Pills are the best remedy known in the World for the following diseases:—

Ague, Asthma, Billious Complaints, Blotches on the Skin, Bowel Complaints, Colics, Constipation of the Bowels, Consumption, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, Fever of all kinds, Fits, Gout, Headaches, Indigestion, Inflammation, Jaundice, Liver Complaints, Lumbago, Piles, Rheumatism, Retention of urine, Scrofula, or King's Evil, Sore Throats, Stone and Gravel, Secondary Symptoms, Tic-Douloureux, Tumours, Ulcers, Venereal Affections, Worms of all kinds, Weakness from whatever cause, &c., &c.

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar) London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world at the following prices:—1s. 1½d; 2s. 9d; 4s. 6d, 11s., 22s., and 33s. each Box

BRITISH COLUMBIA AND NEW WESTMINSTER.

Yesterday petitions from various districts in British Columbia, praying for union with Vancouver Island, were to have been presented by Mr. Walkem, member for Cariboo East, to the Administrator of the Government of British Columbia for transmission to Her Majesty. In a few weeks every settled district in the neighboring colony will have sounded its union note. The "childish treble" from New Westminster may ascend in indignant tones, but it will be the helpless scream of the wicked boy undergoing maternal chastisement. The voice of the people in its fullness and its strength will call upon the Imperial authorities to take away the present expensive burlesque of Government in British Columbia and grant the prayer of the people of the Island and the mainland by uniting the colonies. We hope that the petitions will not be required. We hope that before Mr. Birch's communication will have reached the Secretary of State for the Colonies, the bill for uniting Vancouver Island and British Columbia will have become an Act of the Imperial Parliament. It is our duty, however, along with the people of British Columbia, to leave nothing to hope, but to put forth our best efforts to accomplish, in the speediest possible manner, what the vital interests of both colonies demand. There is not a town, not a district, not a part of either colony but will throb with new life when the news arrives that the colonies are united. Even New Westminster will arise from its lethargic state and kneeling posture. No longer grovelling in the dust before men "dressed in a little brief authority"—no longer blocking up the gateway of the colony in mendicant attitude, demanding alms from the incomers and outgoers—it will present the spectacle of a self-reliant community, prosperous from its own industry, and independent because it can live without begging or levying contributions on the rest of the inhabitants. Its press, if we can call the periodical print that makes it appearance in the garb of the *Columbian* by such a title, will no longer be the laughing-stock of both colonies. No longer under the control of uneducated loadies, whose greatest aim is to fawn before Government clerks and assail with low-mouth phraseology the miners of the colony—no longer guided by Jeames Yellowplush with his novel syntax, and no less novel cacography—no longer degraded by falsehood, humiliated by vulgarity, and rendered contemptible by shallowness, we shall see a newspaper press of which New Westminster need not feel ashamed.

Is there nothing in all this worth striving for by the inhabitants of British Columbia's capital? Is it not, and we would ask every thinking citizen of New Westminster, worth the effort to raise the town from its present dependent position—to be able to feel that there is a higher destiny for the place than to be an official encampment—that there is a nobler duty than striving to make the interests of the whole colony subordinate to the impracticable and expensive whim of paying ocean steamers to run to New Westminster. No persons in Victoria [illegible] ocean-going vessels running up the Fraser, any more than they do to full-rigged ships running to Nanaimo; but what the people of Vancouver Island and what the people of British Columbia condemn, is the squandering, at a time when neither colony can afford to waste a cent, fifty or sixty thousand dollars on a scheme that can benefit nobody—not even the people of New Westminster; for no miner who has had any experience in travelling by way of Victoria and the Fraser would ever for a moment think of taking passage at San Francisco for New Westminster direct. The only effect of the action of the British Columbian authorities will be simply, by creating a kind of demand, to enhance the price of our own provisions. We have, therefore, in a few words, a large amount of money to be taken out of the hard-earnings of the British Columbian miner and spent on an operation that can be infinitely better and infinitely cheaper performed by Vancouver Island, and without taxing the people of the neighboring colony a single farthing. If it were only to put a effectual stop to such malappropriation of the public funds as the British Columbian authorities propose, every reasonable person in either colony must hope for immediate union.

THE QUEEN SALOON FRACAS.— William Goldsworthy appeared again on remand yesterday, charged with cutting and wounding a man named W. Trestrail. The only additional evidence adduced was that of Richard Goldsworthy, brother of the accused, whose face gave evidence of having been roughly handled. Witness confessed to having been much intoxicated at the time, and consequently unable to give an account of what took place. The other man Gilbert, whose evidence was required, was not forthcoming. A further remand was asked for. Mr. Bishop objected on behalf of the accused, stating that everything had been done to procure evidence and as yet there was nothing whatever against the accused. One witness moreover had said that the injuries sustained by Trestrail were but slight. Mr. Pemberton said that afforded less excuse for the man keeping out of the way. For all he knew the man might be dead. Mr. Bishop said they had endeavored, but without success, to find him. The magistrate replied that he had no doubt the police would succeed in having the matter properly put before him, and remanded Goldsworthy for three days—bail refused.

NAVAL ENTERTAINMENT—A grand entertainment consisting of vocal and instrumental performances, with character dances and comic representations, were given last night by the Clio's funny fellows society under the patronage of the officers of the ship in Howard's Hall which was fitted up for the occasion. The room was densely crowded, about 300 persons being present, including the officers of the fleet and a number of ladies and gentlemen from Victoria. The band of H.M.S. Clio performed admirably, and the various songs and minstrel entertainments were capitally rendered and elicited enthusiastic applause. The dancing of Foster, Day, Campbell and Davis was something marvellous for amateurs and was rapturously encored.

THE LEGISLATIVE COUNCIL met yesterday afternoon. Present, the hons. Colonial Secretary, Attorney General, Treasurer, Surveyor General, H. Rhodes and Donald Fraser. The Small Debts Bill passed the third reading, when the Council went into committee on the remaining clauses of the Postal Service Bill, the hon. Surveyor General in the chair. The Harewood Railway Extension Bill was reported complete with amendments.

SPRING RIDGE WATER WORKS COMPANY (LIMITED).—This company gives notice that application will be made during the present session of Parliament for a bill authorising the company to construct reservoirs and lay pipes for the supply of water to the inhabitants, and to acquire and hold lands necessary for such purposes, and to authorise the collection of rates.

THE WEATHER during the last forty-eight hours has been quite exhilerating, the atmosphere beautifully clear with warm sunshine during the day and a crisp healthy frost at night. Scarcely any traces remain of the recent severe snow storms, and hopes are yet entertained of an early mining season.

FINED.—Two Indian thieves, named Bob and Johnny, were yesterday fined by the police magistrate $25 and $20 each for breaking a window and stealing tobacco from a shop on Government street. They were arrested by officer McAdam with the tobacco in their possession.

THE BIG BEND TRAVEL—Mons. D. Faujas, proprietor of the French Prairie House, twelve miles above Shuswap lake, on the Government trail to Columbia river, gives notice that he can accommodate travellers and furnish them with all requisite supplies, saving them considerable trouble in packing.

TERPSICHOREAN. — Mrs. Digby Palmer holds her dancing classes at the Germania Sing Verein Hall, Royal Exchange Buildings, Government street every Wednesday and Saturday evening from 8 until 11 o'clock. Terms $5 per month.

CRICKET CHALLENGE.—In another column will be found a challenge to a game of single wicket for cups of any value from $100 to $500.

SPANISH AND FRENCH CLASSES—Mons. B. Deffis, Graduate of the Academie de Paris, has opened classes in Spanish and French. The Spanish class meet, at 7 o'clock, p. m., on the evenings of Monday, Wednesday, and Friday; and the French class on the evenings of Tuesday, Thursday, and Saturday. Parties desirous of learning Spanish or French will do well to join the classes without delay. as the basis of these useful languages are laid down in the first lessons. Private lessons given if desired. Mons. B. Deffis may be found at his residence, next door to the *Colonist* office. Langley street. *

HOLLOWAY'S PILLS AND OINTMENT—Biliousness.—Dyspepsia.—There is no organ in the human body so liable to derangement as the liver. Food, fatigue, climate, and anxiety, all disorder its action, and renders its secretion—the bile—more or less depraved, superabundant, or scanty. The first symptoms should receive attention. A pain in the side, or the top of the shoulder, a harsh cough and difficulty of breathing, are signs of liver disease, which are removed without delay, by friction with Holloway's Ointment. The Pills should also be taken early. For all diseases of his vital organ, the action of these conjoined remedies is a specific, by checking the over supply of bile, regulating its secretion and giving nervous tone.

BRITISH COLUMBIAN LEGISLATURE.—The tenders for the interior mail service were considered with closed doors on Monday last. Mr. Holbrook, of course, fired up at the idea of the sister colony contributing anything for maintaining the light houses that guide the mariner's path to the navigation of the Gulf of Georgia, or paying its quota for carrying the mails and promoting navigation from California. The Hon. Mr. Ball explained, with reference to light houses, that the Council had refused this claim on a previous occasion, and the matter had been referred to the Secretary of State for the Colonies. Mr. H.'s indignant enquiries were snuffed out on a division. The Chilcoaten affair was again brought up, in which poor Holbrook again expended his ammunition, followed by Messrs. Homer and Cornwall repudiating the idea of the colony bearing a charge occasioned by the *acts of the people of another colony*. The motion to go into committee on the message was lost. On Tuesday the Council received official returns showing the amount of road tolls collected during the last year and sums expended in repairs; also returns of tonnage dues, gold export tax, and duties collected in 1865.

CONSTERNATION AT JAMES' BAY.—Yesterday being the first day of the month the official salaries became due at the Treasury. The applicants received the answer returned by banks to unadvised bills or drafts "no orders." The salaries for the past month are of course due and will be paid by the Government, but those offices disallowed by the Assembly have expired, and rumor says that the incumbents received notice to quit yesterday afternoon.

TELEGRAPHIC— As Jack Frost relaxes his grasp electricity begins to resume its current, as will be seen by a snatch received from Seattle yesterday. The line to Seattle is in working order, but the cables across the Willamette and Columbia Rivers were out of repair. It is expected that the line will be working through to San Francisco to-day or to-morrow. So mote it be.—*Columbian*.

ROYAL HOTEL—This popular old Hotel, one of the first brick establishments constructed in this city, and so liberally patronized in the good old times when conducted by Mr. James Wilcox, has been renovated and re-furnished, and will be re-opened tomorrow under the supervision of Sophia Hill. All friends are invited to be present on the occasion.

UNION OF THE COLONIES— A monster petition, embracing signatures from nearly every district in British Columbia, praying for union of the Colonies was to be presented yesterday to the Administrator of the Government by the Hon. G. W. Walkem for transmission to Her Majesty.

BRITISH COLUMBIAN IMPORTS— The total imports into British Columbia for the quarter ending Dec. 25th amounted to $286,236 35 The largest importations were of flour, $42,721 34; Dry Goods, $33,022 82; Rice, $18 338 45; Spirits, $12,215 64; Clothing, $11,970.

INQUEST.—The Coroner yesterday held an inquest on the body of John A. Hughes, drowned at Esquimalt. The jury, after hearing the evidence, returned a verdict of "accidental death."

AUCTION.—Messrs. Daniel Scott & Co. will sell to-day, on the premises, all the Stock-in-trade, liquors, furniture, beds, bedding, bar fixtures, &c., of the Albion Saloon, Yates street.

A TRIP UP NORTH.

DIARY OF THE OTTER.

We left Victoria, January 4th, at four o'clock, p.m., on the H.B.C. steamer Otter; anchored in Plumper Pass at 12; started at 8 o'clock next morning for the capital of British Columbia, the ship's boat going ahead throwing the line and feeling our way; moving at a snail's pace and threading our passage through the labyrinth of intricacies which so zealously guard the approach to Fraser river, we reached New Westminster. Never was the unspeakable folly of compelling vessels to make this tedious and tortuous journey more apparent. Here was the time of thirty men, having no other business here, consumption of fuel, interest on capital invested in ship and cargo, involving hundreds of dollars, wasted—serving no purpose except to exhibit the indifference of the British Columbia authorities to the development of their own resources and the suicidal policy of separate Governments.

Passing over the usual monotonous details of the diary, with its enumeration of head winds, high seas, sea sickness, etc., we left New Westminster at 2 o'clock and arrived at Nanaimo at 11 p.m., to take in coal; business here, though limited, seemed to be healthy.

Left Nanaimo at 2 o'clock on the 6th, and arrived at Fort Rupert at 3 o'clock on 7th, where we were kindly received by Mr. Compton, H.B.C. Agent, who is a fine fellow, good talker and quite hospitable; spent a pleasant evening; the Rev. Mr. Gribbell, Mr. Trounce and myself visited the Indian ranches and viewed the destruction caused by H.M.S. Clio a few days before; a portion of their houses had been burned down, shells had perforated many that were left standing, exhibiting apertures as large as a dinner plate, where the missiles of death had passed through. They told piteous tales of losses of food, oil, blankets, and some seventy canoes; the refusal to give up two of their number charged with murdering a slave was the cause of the attack, but the innocent suffered far more than the guilty.

Left Fort Rupert at 12 a.m. on the 8th; passed Galiano Island, through Galeto Channel, leaving Cape Scott (the most northerly point of Vancouver Island) to our left, into Queen Charlotte Sound; after several days detention from stress of weather having to anchor in Cumshewah and adjacent inlets on the coast of Queen Charlotte Island we made Skidegate Straits and anchored in Cowlitz Harbor, the site of the Queen Charlotte Coal Company's works at 3 o'clock p.m. on the 13th. We found a spacious harbor well sheltered, with good depth of water, comfortable and commodious buildings erected, and the enterprise progressing finely; after remaining six days to enable the directors to transact their business and to ship coal, &c, we weighed anchor at 3 o'clock on the 19th, destined for Fort Simpson; on Saturday, the 20th, made Steven's Island, the weather piercing cold, our ship resembling a floating iceburg. While waiting for the seas to subside we espied four Indians, who upon coming along side proved to be Mr. Duncan's *proteges* belonging to Metlahkahtla, who were on a hunting expedition, and had thirteen deer and some ducks; took them aboard; started on the 22d and made the Chimsean Peninsula; stopped off Metlahkatla, where the Rev. Mr. Gribell and Captain McNeal disembarked; stood on our way and reached Fort Simpson at 4 p.m. Mr. Moffatt, the Company's agent at this point is relieved by Mr. Madson, who came up with us; the fort buildings exhibit a good state of preservation, and the interior is quite neat and pleasant; there is quite a large camp here, and the houses of the Indians seem better built than others that we have seen, occasionally by revelling in the luxury of a window sash; having three days to remain here we concluded to inspect them more closely; accordingly Messrs. Trounce, Robinson and myself under the leadership of our obliging friend Dr. Tolmie, paid them a visit. They seemed glad to see us and commenced to show us their "tea pots," *i. e.*, their certificates of recommendations which they have received from traders and others, and which they prize very highly; some of them had been written forty years; some of a very complimentary character, others doubtful and advising you to be watchful, in language more emphatic than polite—such as "This is a d—m rascal, look out for him;" but they hand you either with equal confidence of their commendatory contents. Started for Metlakahtla on the 26th at 10 a. m., arrived at one p.m. Receiving a kind invitation to breakfast from Mr. Duncan, the Missionary, we seated ourselves in a frail bark and beneath a pitiless rain were conveyed to the Mission house; breakfast being over Mr. Duncan suggested that we make the most of our short stay; the bell having been rung, about 50 juveniles assembled in the school room to go through exercises in singing, which were accomplished in a very creditable manner; the most of the older boys were assisting their parents in wooding the ship, hence we could not witness exercises of a more advanced character. The houses of the people here both in their exterior decoration and interior appointments have the impress of an advance in civilization superior to anything we had observed among Indians before; they generally speak tolerable English, some quite fluently; they idolize Mr. Duncan, who has their confidence to a remarkable degree, exhibiting a happy exemplification of the power of kindness and justice over the Indian character. They have mechanics of different kinds, hunters, and laborers; by an admirable system they are kept employed and paid in cash for the labor they perform; there are no drunkards or prostitutes. Mr. Duncan has certainly done a noble work during the seven or eight years he has been among them, and deserves the thanks of every friend of humanity for his earnestness, devotion, and efficiency. Rev. Frank Gribbell, a fellow-passenger on a flying visit to Metlahkahtla, will hereafter be an associate of Mr. Duncan in his missionary labors; Mr. G. preached on last Sabbath at the Queen Charlotte Company's Works, and is a young man of fine parts and good promise, and will no doubt be a valuable assistant.

Left Metlahkahtla at 8 a. m. on the 28th; derangement of machinery compelling us to anchor at the north end of Grenville Channel to-day being Sunday Mr. Gribbell discoursed fervently and practically upon the text "Who is my neighbor?"

Monday, 29th—Got through Grenville Channel and entered a similar one formed by Princess Royal Island and the main land; weather pleasant with the exception of an occasional shower of rain, sleet or hail; we here had a splendid view of one of the many waterfalls with which the lofty mountains, continuing in an unbroken chain for two hundred miles on either side of these channels, abound. As far up as the eye could behold, apparently having its source in the clouds, came gushing an impetuous volume of water, widening as it fell on step-like tables or benches in the mountain side, presenting a broad sheen of pearly foam only distinguishable by its animation from the snow clad foliage that everywhere surrounded it.

Tuesday, 30th—Made a good run to-day; crossed Millbank Sound through Fisher's Channel, Fitzhugh and Queen Charlotte Sounds; leaving Newwitti to the right, we passed into Galeto Channel and anchored in Beaver Harbor, Fort Rupert, at 2 o'clock a.m. on the 31st; weighed anchor at 11 a.m. and were under weigh for Nanaimo; passed the rapids at 12 and arrived at Nanaimo at 9 o'clock a.m. February 1st, where we remained an hour and left for Victoria.

While at Fort Rupert we were joined by Mr. Moss, the Indian agent for British Columbia. Mr. Moss seems quite conversant with localities and "prospects" of the mineral deposits of the North. He exhibited a variety of specimens which look well, but not being intimately acquainted with "Mr. Rock," I can only be hopeful.

In witnessing the thousands of miles of water frontage from Fort Simpson to Burrard's Inlet, and the towering mountains of sandstone, slates, quartz and granite—with the evidence on every hand of immense upheavals by volcanic action, we cannot rid ourselves of the conviction that they are the depositories of untold mineral wealth; while at their base nature seems to have cut a continuous canal in the creation of small islands in an unbroken line along their front, seeming to say "this shall be your highway, this your means of carriage."

Let us hope then that by pursuing an enlightened policy, concentrating our energies by the Union of the Colonies we shall be able among other desirable achievements to obtain a geological survey of the united colonies—that the Queen Charlotte coal enterprise, so fairly launched, and having such brilliant prospects, may be but one of a kindred kind for the development of the latent resources of the country. I can only close this desultory sketch by thanking Captain Swanson, who by his urbanity and vigilance contributed so much towards making the trip agreeable.

A FLOUR MILL.

TO THE EDITOR OF THE BRITISH COLONIST: SIR—By your paper of Saturday morning last it appears that the member for Lake, Mr. Duncan, brought forward a resolution, of which he had previously given notice, that a sum of one thousand dollars should be voted by the House to enable a company composed of Lake and Saanich farmers to erect a Mill for the use of these and the neighboring districts, to have their wheat ground within their own country, in order that their action might induce others to follow the example; but the conduct of the House of Assembly, through the representative of Saanich, completely frustrated that attempt by throwing an obstacle in the way, which obstacle was firmly sustained by the junior member for the district of Victoria, (now a prominent and persevering candidate for Lake). Were it not for that gentlemen's introduction of a resolution dated so far back as 1864, to the effect that any person or persons who should erect a Flour Mill capable of grinding fifty barrels of superfine flour per day, should be entitled to a bonus of $1250—by which action the present company will be completely shut out, as it is not at present in the power of the company to erect a Mill of that capacity. But on the other hand, if these two members had sustained the action taken by Mr. Duncan, it would have shown that the House had some desire to assist the farming interests, and not, as heretofore, to compel them to depend upon a foreign market for their bread. By the erection of the intended Mill the following settlements could reap the benefit—Cowichan, Chemainis, Comiaken, Salt Spring Island, Nanaimo, Esquimalt and Victoria districts — thereby supplying a large area of country.

I have only to remark that Mr. Duncan has been requested by myself and other farmers of the districts of Lake and Saanich, to bring forward the resolution that one thousand dollars be granted to the company to assist them in carrying out the above project. The districts of Lake and Saanich will be able to know who are their friends at some future period.
I am, sir,
Yours, A. BUNSTER.

THE FIRE DEPARTMENT.

TO THE EDITOR OF THE BRITISH COLONIST, SIR,—In this morning's COLONIST I find the Chief Engineer of the Victoria Fire Department makes the statement that there are but 40 active members in Tiger Engine Company No. 2. I would like to know from Mr. Drummond where he obtained his data. I, as Secretary of said Company, can certify that it is at present composed of *fifty-seven* active members, and that during the last twelve months its roll has not contained less than fifty-five names. On the contrary, at one time sixty-three men answered to the call of the Secretary at meetings or after alarms of fire.

My object in making the above inquiry is that, in accordance with the Act of the Legislative Assembly exempting firemen from jury duty, I, on the third Monday in January, reported to the Sheriff the names of fifty-seven members as entitled to the benefits of the said Act. So you see the strange light which the report places me in unless it be corrected.
ABRAHAM M. GOLDSMITH,
Sec. Tiger No. 2.

From Queen Charlotte Island.

ARRIVAL OF THE OTTER

The steamer Otter, Capt. Swanson, arrived last evening from her trip to Queen Charlotte Island and stations on the Northwest Coast of British Columbia, having been absent 28 days. On board were Dr. Tolmie, M.L.A. of the H. B. Co., Messrs. Trounce and Gibbs, Directors of the Queen Charlotte Coal Co., Mr. Robinson, Overseer, Capt. London and others. The tenor of the news brought by these gentlemen from the mine is very satisfactory. The Otter has on board some 20 tons anthracite coal. Operations were being pushed forward with vigor and the prospects were considered highly gratifying. The workmen were all in good health and spirits. The weather had been rough and unfavorable for the prosecution of work. The report of the visiting directors to the Board will no doubt be made immediately, and will be looked forward to with considerable interest. We present our readers elsewhere with an interesting diary of the voyage, kindly supplied by a gentleman who accompanied the expedition.

BRITISH COLUMBIA.

News from the Interior.

LATER FROM CARIBOO.

The steamer Enterprise arrived yesterday from New Westminster with 20 passengers. Navigation was open to New Westminster. Barnard's Express from Lytton had got down.

From Mr. T. Buie, who travelled with Barnard in the Express Sleigh from Lytton to Boston Bar, we learn that a few hours after arrival at Boston Bar on the 27th, the Hudson Bay party bound to Kamloops, under the charge of Mr. Thompson, arrived, having been three days from Yale, and obliged to make their own path through the snow. No communication had taken place between the two points for eight days previously. They had had a very hard time of it owing to the severity of the weather.

The heavy rains which had fallen had the effect of raising the river, in some places to within two feet of high water mark, the greatest height known at this season of the year. Had it not been for the rains the river would not have been open for several weeks.

There were no late arrivals from up above. Captain Irving intends starting for Yale on Saturday.

The Harrison River was frozen more intensely than was ever known before. The rapids were even frozen solid.

Mr. Faujas, who has a place twelve miles past the head of Shuswap Lake on the route to Columbia River, had engaged twenty Indians at Lytton to go up and pack goods in from his place to Columbia River and Big Bend.

A trader from Yale who went up to the Bonaparte to buy barley had had his nose and cheeks badly frost-bitten. Several others had also suffered from the effect of the frost.

Bill Moore and his party passed through Lytton on the 15th to build a boat on Kamloops to carry some forty tons over the lakes.

Mr. McKay, who was met near Yale, did not anticipate that the steamer would be ready before the 1st May.

(From the British Columbian.)

By Barnard's Express from Barkerville, Williams Creek, direct, and which reached Yale on the 10th inst., we have been favored with the following items:

A charter, on favorable terms, has been granted by the Gold Commissioner to a number of the principal mining companies to construct a bed rock drain, commencing at the head of the old bed rock drain and extending to the mouth of the canyon. This work will drain all the principal claims on the creek and enable a vast extent of new ground to be worked which has hitherto been unavailable. The drain will be completed by the 1st July. Adair & Co. have commenced clearing out the old drain to facilitate the work on the new one, and a large number of men are getting out timbers for the new drain.

The census of Williams Creek was taken on the 1st inst. by order of the Commissioner, showing the population to be 720. The whole population of Cariboo East is 1046 persons.

The Alturus, Floyd, High-low-Jack, Pioneer, Taffvale, Jenkins, and Emory Companies, on Stout's Gulch, are at work, and their claims are prospecting well.

A new company have started a tunnel up Conklin's Gulch.

On Williams Creek the Foster Campbell Co. are sinking a new shaft.

A company are driving a tunnel into the hill abreast of the Barker claim with every indication of success.

Another tunnel is being run into the hill above Richfield under the direction of Mr. Andrew Swain.

The Borealis Co. have struck $4 to the pan and are in high glee.

New life has been infused into the Williams Creek Bedrock Flume. The old foreman, Mr. William Millar, is in charge, and has about 25 men employed and is driving on the work at a very satisfactory rate.

The quartz ledge on Bald Mountain is creating considerable interest, and ground in the vicinity is being eagerly taken up. It is reported that the Government has offered a premium for the erection of the first quartz mill in Cariboo. Considerable prospecting is being done on outside creeks, in some instances not without encouraging results. A general feeling of confidence in next season's operations pervades the mining population.

The community have enjoyed an entire immunity from sickness; but the same cannot be said of "accident and sudden death." A man named James Hamilton dropped dead on the 30th ult, while working at his claim. He was highly esteemed, and his remains were followed to the "cold, cold grave" by several hundred people. Samuel Crane, of Lowhee, who cut his foot very severely several weeks ago, and whose life was at one time despaired of, is recovering. The conduct of the miners on the creek is spoken of as very exemplary in extending to the sufferer all the aid and comfort in their power. Drs. Bell and Brown were in attendance.

The weather on Williams Creek was exceedingly fine. The mercury, between the 1st and 9th January did not fall more than 8° below zero, and on the 5th at noon it rose to 41°.

The markets are abundantly supplied, and prices for staples are low.

The roads are in excellent condition, and sleighing good, with the exception of a portion of Lake La Hache. On the 17th the mercury fell 30° below zero, and in the Green Timber 40°, and on the following day it was frozen. Nearly three feet of snow had fallen in the cañons, but was giving way under the influence of the recent heavy rains. Mr. Thompson, foreman of the party going to Lake Shuswap to build the steamer, was carried by a snow-slide over a bank 30 feet high, and precipitated close to the edge of the river. He escaped without injury.

Two men were reported lying at Kamloops with frozen feet. Mr. Gompertz was expected at Hope in a few days. His recovery is considered doubtful. Hon. Mr. Haynes was expected to arrive at Hope in a few days.

The navigation is open through to Yale.

HOLLOWAY'S OINTMENT AND PILLS—These potent remedies constitute a *materia medica* in themselves, for there is no internal or external disorder controllable by medicine for which the one or the other of them is not a positive remedy —eruptions, tumors, scrofula, scurvy, cancer, asthma, rheumatism, gout, and dropsy entirely subside and disappear under the action of these joint medicines; and in cases of indigestion, sick headache, bile, liver complaints, debility, and other disorders originating in the internal organs, the Pills produce the most astounding results imaginable. The student of Nature knows how simple are her ways; if one preparation can throw out all the impurities of the blood, disease is conquered and art is triumphant, because it adopted the simplicity of Nature.

HOLLOWAY'S OINTMENT AND PILLS—Jaundice Disordered Liver. A good free flow of bile is absolutely necessary for digestion; when this secretion is interrupted or depraved, disease immediately sets in, and sallowness or jaundice marks the cause to be in the liver. This important organ, so liable to disorder, can always be regulated by Holloway's Ointment and Pills. The former, rubbed on the right side, over the region of the liver, upon which it exercises the most salutary influence, without harassing the stomach or the bowels—a matter frequently of vital importance—confers on this remedy an advantage over every other form of medicine in the pharmacopœia: when assisted by the Pills, every disease is speedily subjected and effectually banished

Moses' Hair Invigorator,

TO PREVENT BALDNESS, RESTORE hair that has fallen off or become thin, and to cure effectually Scurf or Dandruff. It will also relieve the Headache, and give the hair a darker and glossy color, and the free use of it will keep both the skin and hair in a helathy state. Ladies will find the Invigorator a great addition to toilet, both in consideration of the delicate and agreeable perfume, and the great facility it affords in dressing the hair, which, when moist with it, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation for a good head of hair.

Moses' Hair Invigorator,

TO PREVENT BALDNESS, RESTORE hair that has fallen off or become thin, and to cure effectually Scurf or Dandruff. It will also relieve the Headache, and give the hair a darker and glossy color, and the free use of it will keep both the skin and hair in a healthy state. Ladies will find the Invigorator a great addition to toilet, both in consideration of the delicate and agreeable perfume, and the great facility it affords in dressing the hair, which when moist with it, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads it lays the foundation for a good head of hair.

The Invalid's Friend.

HOLLOWAY'S PILLS

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and suspending suspended secretions. Universally adopted as the one grand remedy for female complaints these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action, they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds

... diseases are more frequent ... more dangerous ... the first symptoms ... always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, strengthen the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague, Asthma, Bilious Complaints, Blotches on the Skin, Bowel Complaints, Colics, Constipation of Bowels, Consumption, Debility	Dropsy, Dysentery, Erysipelas, Female Irregularities, Fevers of all kinds, Fits, Gout, Headache, Indigestion, Inflammation	Jaundice, Liver Complaints, Lumbago, Piles, Rheumatism, Retention of Urine, Scrofula, or King's Evil, Sore Throats, Stone and Gravel	Secondary Symptoms, Tic-Doloureux, Tumours, Ulcers, Venereal Affections, Worms of all kinds, Weakness, from whatever cause, &c., &c.

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d, 2s. 9d., 4s 6d., 11s. 22s. and 33s. each Box.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"A triumph of ingenuity."—*Telegraph*, March 31, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News*, November 8th, 1862.

WATCHES, adapted for every class, climate, and country, wholesale and retail Chronometers, Duplex, Lever, Horizontal, Vertical, Repeating, Centre, Seconds, Keyless, Astronomical, Reversible, and Chronograph, from 200 guineas to 2 guineas each.

RADWAY'S READY RELIEF.

THE GREAT EXTERNAL AND INTERNAL REMEDY,

STOPS THE MOST EXCRUCIATING PAIN IN A FEW MINUTES,

AND

RAPIDLY CURES THE PATIENT.

RADWAY'S READY RELIEF

Proves its superiority to all other Medicines at once. ITS FIRST INDICATION

is to relieve the sufferer of PAIN, no matter from what cause it may originate, or where it may be seated.

If in the Head, Face, or Throat;
If in the Back, Spine, or Shoulder;
If in the Arms, Breast, or Side;
If in the Joints, Limbs, or Muscles;
If in the Nerves, Teeth, or Ears;

Or in any other part of the body, its application to the part or parts where the pain exists will afford immediate relief.

IF SEIZED WITH PAIN

In the Stomach, Bowels, or Kidneys;
In the Bladder, Spleen, or Liver;
In the Teeth, Ears, or Throat;
In the Brain or Nervous System;

One teaspoonful of RADWAY'S READY RELIEF to a wineglass of water will, in a few minutes, restore the patient to ease and comfort.

If Lame, Crippled, or Bed-ridden;
If Palsied, Scalded, or Burned;
If Bruised, Wounded, or Cut;
If Strained, Injured, or Disabled;
If Sun Stroke, or seized with Fits;
If Weak in the Spine or Back;

RADWAY'S READY RELIEF

should be applied to the part or parts afflicted. It instantly relieves the patient from pain, and quickly heals, soothes, and strengthens the disabled parts. In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhoea, or Flux,
Dysentery, Cramps, and Spasms;
Billious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So swift is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTHACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, afflicted with Acute and Chronic Rheumatism for twenty years, and for twenty years he had not enjoyed one night's sound rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.

THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF in water; or apply it to the parts where you feel discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become seated and fastened within the system will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs, ... Stomach, Bowels, or Kidneys—Cold Chills, ... Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Faintness, Loss of Appetite, Restlessness, Giddiness, &c., are the premonitory symptoms of Malignant Diseases. ... dose of the READY RELIEF is sufficient to break up ... the patient ... health.

IN THE ARMY.

Dysentery, Bowel Cholic, Flux, Yellow, Typhoid or Malarious Fever, Rheumatism, Small Pox, Diptheria, Letter from Medical Directors, ... and Military Officers endorse the soundness of RADWAY'S READY RELIEF over all other medicines.

FOURTH MAINE.

Eighth Maine regiment ... was saved by Radway's Ready Relief ... quartered at Tybee Island, ... swamp, ... Typhoid and other Fevers, ... Ready Relief.

CAUTION.

... Radway's Ready Relief. Take no other. See that the signature of Radway & Co. is on the outside label of each bottle ... now and the ... 25 cents per bottle. Sold by Druggists ... Storekeepers.

HOLLOWAY'S PILLS AND OINTMENT.—Influenza, Colds.—In diseases of the throat and chest, so prevalent in this country, nothing so speedily relieves or so certainly cures as these inestimable remedies. These disorders are too often neglected at the commencement, or are injudiciously treated, resulting in either case, in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consummates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred on the stomach and frame generally; the fluids are regenerated, morbific matter is expelled, and a happy revolution occurs throughout the system.

HOLLOWAY'S OINTMENT.—Wounds, Scalds, Burns, and Irritating Sores.—The peculiarly mild soothing, anti-inflammatory power exerted by this Ointment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spite of the greatest caution and utmost vigilance. The scratch, the burn, or the scald, treated early with this Ointment, assumes no angry aspect, and never longer tortures the little sufferer, whose very cry excites each bystander's compassion and pierces the parents heart. Every nurse should consider this invaluable Ointment an essential to a well appointed nursery. The Ointment is applicable to any sore, whatever its character. It conducts to health as sure as the compass points to the north.

HOLLOWAY'S OINTMENT AND PILLS.—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisfactory cure. The two medicines act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

HOLLOWAY'S OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applications of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only, but complete and permanent.

HOLLOWAY'S OINTMENT AND PILLS.—The family medical chest that is furnished with these powerful remedies needs nothing more. Indigestion, general debility, liver complaint, eruptions, sores, wounds, ulcers, tumours, &c., are infallibly cured by their use. They purify the blood and give tone and vigour to the whole system. The Ointment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, the cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S PILLS.—No family should be without these pills.—Their long-tried efficacy in removing indigestion, stimulating the bowels, and purifying the blood have secured them imperishable praise throughout the globe. Whatever the disease, a few doses will relieve the more urgent symptoms and thereafter completely control all disordered action, rouse the torpid liver, empty the engorged spleen, cleanse the obstructed kidneys, assimilate the food, improve the blood, and thereby confer on the brain and every function healthful vigour natural activity, and wholesome regularity. In cases of indigestion, dimness of sight, headache, mental and physical lassitude, these restorative Pills act as a charm. They expel rheumatism and gout, while they infallibly correct female complaints in young and old, delicate and robust.

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S OINTMENT AND PILLS—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the free circulation, and expel the disease. In these complaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves, vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have ... effect in assisting the Ointment.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.
